

Demographics User Group Conference
5 October 2006

DUG Award 2006

“Better information from government”

Michael Cross

for The Guardian’s

“Free Our Data” campaign

“DUG’s Conference Board sees this as very much in line with the group’s objectives of improving the supply of and access to data, and has been greatly impressed by tenacity of the campaign – with a new article every week for the last 6 months – and its impact in encouraging debate about current policy.”
